SUMMARY

Bachelor of Computer Science student (Class of 2027), with an understanding of Data Structures & Algorithms and hands-on experience developing Full Stack web applications. Also familiar with back-end development using Node.js and database management using relational databases. Currently studying machine learning techniques like regression and classification, with a passion for problem-solving and software engineering.

EDUCATION

Bachelor of Engineering

Pimpri Chinchwad College of Engineering & Research
CGPA- 7.54

08/2023 – Present
Pune

High School- CBSE

Kendriya Vidyalaya CME

2021 – 2023
Pune

SKILLS

- Programming Languages: C++, Python
- Core Computer Science: Data Structures & Algorithms, Object Oriented Programming
- Web Development: HTML, CSS, Bootstrap, Node.js, Express.js, EJS, API Integration
- Database: MySQL
- Tools: Git, Github

PROJECTS

Jet Fuel 🔗

- Built a full-stack web application using Node.js, Express.js, and EJS to estimate flight costs dynamically.
- Integrated real-time APIs and map visualization for accurate cost calculation.
- Designed backend logic to process dynamic inputs and generate optimized responses.

Bengaluru House Price Predictor 🔗

- Built a machine learning model to predict house prices using regression techniques in Python.
- Performed data preprocessing including handling missing values, feature engineering, and outlier removal.
- Trained and evaluated models using libraries like NumPy, Pandas, and Scikit-learn.
- Applied concepts such as linear regression, model evaluation, and feature selection to improve prediction accuracy.

Blog Web App 🔗

- Developed a full-stack blog platform using Node.js, Express.js, and EJS.
- Implemented CRUD operations and designed relational database schema.
- Added features such as input validation, timestamping, and responsive UI using Bootstrap.

COURSES

Supervised Machine Learning: Regression and Classification

Coursera

Mastering Data Structures & Algorithms using C and C++

Udemy

POSITION OF RESPONSIBILITY

Joint Secretary

ACM X PCCOER

07/2025 – Present

- Drafted and submitted formal proposals to college authorities for conducting official ACM chapter activities.
- Assisted in organizing technical and professional development initiatives for students.
